THE ORIGINAL GAME OF
CONNECT 4®

Gonzalez, Heriberto

CS-2013

-Once the program has been launched you will be presented the main menu. Main Menu contains 3 buttons
- Single Player: You vs Computer
- Two Player: You vs Friends
- Exit: Closes Program

- After you have selected a game mode you will be presented the game. A grid of 7 columns and 6 rows where the objective is to connect 4 discs of the same color diagonally, vertically, or horizontally. The board also contains one button
- Exit: Closes Program

-To the left are the win screens present to the user who wins the game. This screen contains 2 buttons:
- Exit: Closes Program
- Play Again: Resets the game

Bugs:
- When playing against the computer disc sometimes seem to replace one another.
- When selecting play again previous game does not close.
